

What proportion of a newspaper's readers will read an ad? What proportion will read a news story? In each instance it depends upon the appeal to the personal interest—the cleverness of construction—the lure of typographical appearance.

What proportion of a newspaper's readers will read an ad? What proportion will read a news story? In each instance it depends upon the appeal to the personal interest—the cleverness of construction—the lure of typographical appearance.

Sometimes every reader of this paper will read your ad. At other times, one in ten. It depends on the ad.
